To the Utah investment community,

The Park City Angels are pleased to announce that our members have made an investment in Treads. [Treads](#) has designed a simple monthly subscription service for every vehicle's tires. Treads' mission is to redesign the tire purchasing and maintenance experience to eliminate the hassle of the traditional tire shop while creating safer roads for everyone.

We are excited about this opportunity to help Treads grow. As evidenced by this investment, we seek to continue promoting best practices in order to reduce risk in early-stage investments for the benefit of entrepreneurs, investors, and the community. We also make our considerable expertise across numerous industries available to our entrepreneurs, as their needs warrant.

About Park City Angels - We are a group of accredited investors located in Park City looking to invest in promising opportunities that can produce significant shareholder return. As Utah's most active Angel network, we have made over 1200 investments totaling over \$75M since 2008. For entrepreneurs seeking funding, please direct them to info@parkcityangels.com.

We welcome new members throughout the year. For any questions about becoming a Park City Angel, please reach out to us at membership@parkcityangels.com.

Sincerely,

Park City Angels
