WEBSITE BIO

Lisa Padilla is a biotech entrepreneur, founder, and CEO of ExOcular DX Inc., bringing more than 30 years of experience as a board advisor and former FQHC board member with expertise in finance, audit, and governance. She also serves as a business mentor and is affiliated with the University of Colorado Anschutz Medical Campus. Through her experience in entrepreneurship, leadership, governance, and business mentorship, Lisa brings valuable practical expertise and perspective to the ACA Angel University experience. Her broad experience supporting organizations and emerging businesses offers Angel University students the opportunity to learn from a seasoned leader with a strong understanding of the business and strategic considerations involved in building and guiding companies.

KEY EXPERTISE

Seed Capital; Financial Statements; Start-ups; Entrepreneurship; Business Development
