WEBSITE BIO

Mark Zorko brings more than 25 years of public and private company board experience. He currently serves as a board member and Audit Committee Chair for Westell Technologies, Inc., and as Chairman of the Board of a private technology company that he supported as an angel investor. He also serves on the board of a private cybersecurity firm and previously served on the board of Perma-Pipe International Holdings, Inc., including leadership roles on its Audit and Nominating/Governance Committees. Mark has also held long-term leadership roles with nonprofit organizations, including Alexian Brothers Health System and Opportunity International. An active member and credentialed leader within the National Association of Corporate Directors, Mark brings deep boardroom and governance expertise to the ACA Angel University experience, offering students valuable insight from a seasoned director and investor.
