WEBSITE BIO

Sonu Mirchandani brings valuable expertise in entrepreneurship, early-stage investing, business development, and startup growth to the ACA Angel University faculty. He provides advisory and strategic support to organizations in assessing business models, value propositions, market opportunities, new business development programs, and marketing operations. His experience also includes early-stage angel investing, entrepreneurship, education, and program development. Through this combination of practical and strategic experience, Sonu offers Angel University students valuable perspectives on evaluating opportunities, supporting emerging companies, and navigating the challenges of startup growth.

KEY EXPERTISE

Start-ups; Business Development; Management Consulting; Business Strategy; Project Management
